### American and Foreign STEREOSCOPIC EMPORIUM.

E. ANTHONY,  
308 Broadway, New York.  
After May 1st, 1860, 501 BROADWAY, two doors from the St. Nicholas Hotel.

The Stereoscope is the most instructive, interesting, interesting, and exciting of modern inventions.

None are too young, nor too old, none too intelligent, none too uneducated, to appreciate its worth.

No home is complete without it, and it must and will penetrate every part of the world, in all the relief, boldness, perspective, and sharpness of detail.

Photographers are everywhere exploring Europe, Asia, Africa, America, in search of the grand and the beautiful, and the skill of their art is constantly enriching our stock.

We have an immense variety of subjects, from the most famous landmarks of Ireland, France, England, Holland, Switzerland, Spain, the Rhine, Vesuvius, Italy, Turkey, Athens, the Holy Land, China, India, Crystal Palace, all Groups Historical, Political, and Scientific, and a complete collection of illuminated Interiors of Palaces, Assemblies, and the like, which we consider to be the most remarkable.

Every Stereograph is the result of much labor, and is sold on reasonable terms, and on credit of one, two, three, and four years.

Apply to E. N. Laddie, Nashville, or to either of these addresses.

THOS. C. McCAMPBELL,
